My Fellow Americans,
I want to tell you about my friend Donald J. Trump. I will tell you he is arrogant, conceited, and I don't always agree with what he says. I really did not like when he attacked Georgia Governor Brian Kemp although now, it appears they have made amends. Attaboys! Now let me tell you what I do like about my friend Donald J. Trump:

- He will take us back to being energy independent and we can sell our gas into the world market - weakening the communist economies of Russia, Venezuela, and Iran and strengthening our own.
- He will put in place an operation to stop people from coming into our country illegally. I do not have a problem with people coming to our country but there is a right and legal way to do it, like my ancestors did hundreds of years ago.
- He will build up our military so we are the strongest fighting force in the world once again. Because he is feared or respected, everyone will get back in their own sandbox.
- He will push for law and order in all of America.
- He will bring industry and jobs back to America. Inflation will dissipate and the economy will be strong again.

These are the things that I like about my friend, Donald J. Trump. He and Vance will make a great team in Washington. The things I have written are the guiding lights of the Republican Party and that is why I am asking all Americans to Vote Republican this November and bring back the America we all love!

Save America, Vote Republican

I am Howard Miller, former Vice President and Cashier of the First National Bank in Lake City, Florida and the most deplorable man in Georgia.
